THE PEAK | Just off the lobby will be a dazzling new lounge inviting guests to come in and relax over cocktails. The racetrack-style bar is the centerpiece of the venue with a lacquered turquoise façade and evening-sky glass pendants scattered overhead like stars in the sky. With both indoor and outdoor seating overlooking the Sweetwater pool, The Peak will be an alluring spot to gather after a day of meetings, golf, sightseeing or relaxation.

TERRA COTTA CAFÉ | The new casual coffee market welcoming guests to start their day with a full range of coffee, tea and pastries for breakfast on the go or for a mid-afternoon pick-me-up with both indoor and outdoor seating.

DESERT FARMER | The resort's breakfast venue with a quintessentially modern Southwestern vibe. Live plants, terra cotta and clay designs from local artisans will create an organic and welcoming ambiance to start the day.

LEGENDS BAR & GRILL | The restaurant is being reimagined and will become a nineteenth-hole experience fitting for the resort. The interiors represent a tailored desert traditional palette. The art and collection of memorabilia will pay homage to the golf course design and mementos from the past. The patio, Legends Terrace, will be a great place for a meal, a drink after a game or an after-dinner drink wrapped in a signature resort throw.

CASITAS AND HACIENDAS

Once completely renovated, guests will be able to immerse themselves in modern, Southwestern residential living at the resort's Casitas and Haciendas.
